Mark,

I was told that you are the OSC for the Lane Plating site.

Could I get a copy of the Action Memo for the removal that was conducted or is being conducted at the site? Thanks
CAS

Hey, Carlos:

I just left you a VM message about the Wayne Plating site, which is adjacent to a Dallas Park and Recreation Dept. property. We believe the Region conducted a removal action there relatively recently to deal with the usual hazardous substances associated with metal platers. Anyway, the Park Dept. has a property that is adjacent and/or downgradient, and Joseph, our environmental engineer, has had contacts with a TCEQ person, Rebecca Stern, regarding access to do some sampling.

I told Joseph and his boss, Lori Frauli, that I'd get ahold of you and see if I can get a copy of the Action Memo you guys would have had to authorize the removal action. I gather the listing people are working on the site and are at some stage of preparing a ranking package. I'd like to talk to you about that, too.

So, when you get a chance, could you give me a call at my number below so we can talk about this, and catch up?
